

EDITORIAL

The AGM was held on Saturday 22 March, when the current Executive Committee was approved for a further year. There were no nominations for further members to join the Committee.

The AGM was followed by an excellent lecture given by one of our members Richard Warnick, who gave a very detailed exposition how the Polish Nation had developed over a long period of time, following many periods of turmoil and uprising and its efforts to meet with a degree of reconciliation with the neighbouring countries, specifically those between the Baltic and Mediterranean Seas. Hence the term 'Intermarium'.

Our next event takes place on Wednesday 16 April, which is a visit to Shoreham Port, meeting at 1030. You will hopefully have received a calling notice for this event which includes all the necessary details.

WHICH NAVIES DO THESE ENSIGNS REPRESENT?

TAILPIECE

Before D Day

Stagg-*"What's the latest on the weather?"*

The weather looks good for June 6.

"Ok, mark that as D-Day for Operation Overlord. Got that everyone?"

"This is Montgomery confirmed for the British."

"Tedder here, confirmed for the air."

"Leigh-Mallory, same".

"Ramsey-confirmed for Neptune".

"This is a reporter for Volkischer Beobachter. should I be in on this?"

Best wishes,
Bob
